

Global Leadership Center | A Year of Growth

Strengthening the foundation. Expanding our reach. Deepening our impact.

2025–2026 Highlights

Launched the Global Leadership YouTube channel to expand access to biblical leadership training.

Advanced global mentorship initiatives, including partnerships in India.

Established the foundation for ongoing global leadership research.

Expanded opportunities for leadership development through workshops, a global leadership conference, and new strategic partnerships.

Continued investing in the formation of Christ-centered leaders worldwide.

Five Strategic Priorities | Direction for 2026–2027

1. Leadership Research & Insights — Generate meaningful research to serve the global Church.
2. Global Leadership Media — Expand access to biblical leadership training through digital platforms.
3. Leadership Formation & Mentorship — Cultivate resilient leaders through intentional relationships.
4. Global Partnerships & Collaboration — Strengthen relationships and create opportunities for global leadership development.
5. Leadership Resources & Practical Equipping as Central Priority — Translate research and leadership insights into practical ministry resources.

Our guiding priority: Research will increasingly inform and strengthen every initiative of the Center.
